# AMPLIFY YOUR *impact*

*with Sophia*

**At the heart of it, we know that therapists just want to do MORE of the work they love and get paid well for it**

Clear Sky's Founder, Sophia Giblin, is opening up a membership for any therapist who wants to **Amplify Their Impact** and do **MORE** good in the world.

Sophia successfully built and scaled a thriving Play & Creative Arts Therapy Charity. In her **Amplify Your Impact** membership programme she shares exactly **HOW** to build a business that works for you so that you can get paid to do more of the work you love!

This programme is for anyone who is ready to take their work to the next level by investing in some business mentoring to help get them there.

Sophia walks alongside you through her signature **Amplify Your Impact** programme which helps therapists in 6 areas:

**CLARITY** - understand what you really want

**VISIBILITY** - enable yourself to be seen as an expert in your area

**VALUE** - confidence to clearly demonstrate your expertise and value

**PROPOSITION** - get clear on what you offer, why and your pricing

**PROCESSES** - get all of the foundations in place to improve efficiency

**IMPACT** - replicate your success and support more people through your work

You'll have access to Sophia in a monthly private members group with a weekly training video and weekly live Q & A where you can get help on anything that you might be stuck on.
